SPECIAL SESSION

ASSEMBLYMAN JOHN ROBERT WHITE LEAVES THURSDAY FOR STATE CAPITAL

John Robert White, Jr., is leaving this city Thursday night to be present at the special one-day session of the legislature called by Governor Stephens to open Saturday afternoon at two o'clock. Were it not for the closing of one of the Tehachapi tunnels by a washout and wreck, he would not have to leave until Friday night. Under existing conditions he has to go via the coast route from San Francisco to Sacramento, which, of course, consumes time. However, Mr. White is glad to make the sacrifice and says he would not miss voting for anything on the important matter for which the Governor has called the legislators together, viz., the ratification of the Federal amendment giving suffrage to the women of the United States. He says he feels too much indebted to the women of his district not to make the effort independent of his own convictions. This amendment, he explains, takes the same course that the prohibition amendment took. Ratification by thirty-six state legislatures made it a national law. If women can be given the franchise within the next six months, they will be eligible to vote at the primaries next August. Governor Stephens feels the importance of the matter strongly and has not only called the legislature of this state together, but has asked the governors of fourteen other states to do likewise that the enfranchisement of women may not be delayed. Of course it will make no difference to California women who already have the vote, but ratification by this state is still required of the constitutional amendment giving the ballot to the women of the entire country.

Mr. White states that an effort was made to persuade the Governor to include in the call legislation on the Japanese question, but he refused, and wisely, in the opinion of Mr. White, who declares that is too big a question to be settled in a snap-shot manner at a special legislative session like this. Protest is being made against the acquirement of land by children born in this country of Japanese parents, claiming that it will menace the interests of the state, but Mr. White points out that these children are citizens under the constitution and cannot be debarred from the exercise of the rights of citizenship except by a Federal amendment. The matter is therefore beyond the control of the state legislature, but he fears some of the more stubborn legislators who favor anti-Japanese legislation will endeavor to introduce it into the suffrage amendment debate by referring to the vote of the American-born Japanese women.

SOCIAL TEA

Tuesday afternoon fifty members and friends of the Ladies' Aid Society of the West Glendale Methodist Church gathered at the home of Mrs. R. W. Adams, at 155 South Pacific avenue for a social tea. All the rooms were decorated with chrysanthemums, roses and dahlias, the front rooms according to a color scheme of white and lavender. During the afternoon there were guessing contests and a program consisting of music and readings was given. Special mention should be made of Mrs. A. F. Howard, whose readings were warmly encored. Refreshments were served by the hostess assisted by Mrs. Pierson Hanning, Mrs. Stanley Collum and Miss Susan Taggart.

BIG MASONIC EVENT

BLUE LODGE PAST MASTERS' NIGHT OBSERVED BY UNITY CHAPTER

Tuesday evening was Blue Lodge Past Masters' Night at Unity Lodge over which Roy W. Masters presides as Master and it was a big Masonic event. The lodge hall was fairly packed, not less than seventy-five visitors from the lodges of surrounding cities being present in addition to the full membership of the lodge. Dr. Joseph Marple of this city was a candidate for the third degree and the work was all put on by Past Masters.

Following the lodge session a sumptuous banquet of which Fred Deal had general charge, was served in the banquet hall over which Past Master John Hobbs presided as toastmaster. After dinner speeches which were brief on account of the lateness of the hour, were made by the candidate, Dr. Joseph Marple, by R. W. Masters, the present Master of Unity Lodge, by Harry Cook of Wilshire Lodge and other visiting Past Masters.

TUESDAY CLUB

"ZAZA" BY LEONCAVALLO INTERPRETED BY MISS MARGERY MORRISON OF N. Y.

A very large audience gathered at Masonic Hall Tuesday afternoon to enjoy the special program "Operatogue" put on by Miss Margery Morrison, who has come to Los Angeles from New York City where she has been associated with leading singers as an accompanist. Her aim is to introduce the public to the fine musical events in prospect. One of these is the opera "Zaza" by Leoncavallo, which, as first given in 1900 in Milan, but which has never been given in New York. It is to be produced this winter with Farrar in the title role and is being hailed as a great event by music lovers. The music is very beautiful and was exquisitely interpreted by Miss Morrison who told the story of the opera as she played. It is the story familiar in the world of opera, the eternal triangle and the final triumph of pure unselfish love over passion. It was a program better adapted to a music club than one of mixed tastes and interests. Some distinguished guests were present, one of outstanding personality being the singer Madame Aldrich, who was associated with Miss Morrison in New York.

At the brief business session which preceded the program the Red Cross membership drive was discussed and the president, Mrs. Tower, was instructed to appoint a club committee to co-operate in the drive. The club voted to contribute \$10 to the Roosevelt Memorial Fund and a like amount to the fund being raised to feed the starving children of Serbia and Northern France. The club was requested to aid in the sale of Red Cross seals at Christmas time and the president agreed to appoint a chairman to have charge of the matter.

PASTOR'S RECEPTION

CLYDE M. CRIST AND FAMILY WELCOMED AT FIRST METHODIST CHURCH

The reception given the new pastor of the First Methodist Church of Glendale, Dr. Clyde M. Crist, his wife and his son Kenneth Crist, drew the members in such numbers as to fill the church parlors where the reception was held. The church orchestra of fifteen pieces, led by Miss Dorothy Lee, furnished music throughout the evening, and Miss Isgrig, the choir leader, gave several vocal solos. A. W. Tower made an excellent address of welcome on behalf of the church to which the pastor made an appropriate response. The balance of the evening was given to informal sociability and light refreshments were served by members of the Ladies' Aid.

MIGHTY HUNTERS

JESSE SMITH AND AL LAND RETURN FROM BIG BEAR WITH SIXTY-ONE DUCKS

Jesse Smith, Al Land and Mrs. Al Land spent Saturday, Sunday and Monday at Big Bear, bringing back as trophies of the hunt 61 large ducks, fifty of which were credited to Mr. Smith. While there they were made very comfortable at Phil Carter's Camp and they had a very pleasant trip except that it was extremely cold going and coming. But for some fusil oil which Mr. Smith providentially carried on his person he declared he would have frozen to death. Mr. Land is the narrator of an interesting tale of Mr. Smith's readiness to meet any emergency. On the return journey a noise was heard in the bushes. Stopping the car the hunter leaped forth with a rifle in one hand, a revolver in the other and a hunting knife in his teeth. Cautiously approaching his quarry he was able to edge close enough to discover a small, furry animal with a white streak down its back and glistening white tail. Feeling that he was not equal to the encounter he diplomatically withdrew. The prey he was stalking, observing his armament, did likewise, and no one was the worse for the encounter.

Mr. Ferguson, of the Ford Agency, accompanied by Mr. Mushet, is planning a hunting trip which will take him from Glendale Thursday.

Mrs. A. W. Tower and Mrs. H. D. Goss go to Compton today to attend a Reciprocity Day which is being given by the Pathfinders' Club of that city. They go as representatives of the Tuesday Afternoon Club of which Mrs. Tower is president.

FOOD PRICES SOON TO FALL

HERBERT HOOVER GIVES THIS ASSURANCE TO HOUSE WAR DEPARTMENT EXPENDITURES COMMITTEE

(Special Service to Glendale Evening News)
WASHINGTON, Oct. 29.—Herbert Hoover, appearing before the House War Department Expenditures Committee, declared today that food prices must drop within the next few months because of the large amount of supplies which is accumulating.

INTERNATIONAL LABOR CONFERENCE

AMERICANS INVITED TO PARTICIPATE—JAPAN SENDS LARGEST DELEGATION

(Special Service to Glendale Evening News)
WASHINGTON, Oct. 29.—The International Labor Conference for which provision was made under the League of Nations, convened today at noon. Immediately the conference invited American representatives to participate in the proceedings. Under its rule the Americans are without standing in the conference because this government has not ratified the peace treaty. One hundred delegates are attending the conference. Japan, which probably has the smallest organized labor group of any nation, has sent the largest delegation. English and French have been adopted as the official languages of the conference.

BOMB PLOT UNEARTHED IN CLEVELAND

GANG OF "REDS" PLANNED TO BLOW UP CENTRAL POLICE STATION AND SEIZE GOVERNMENT

(Special Service to Glendale Evening News)
CLEVELAND, O., Oct. 29.—The police declared today that the seizure of the city government of Cleveland through a reign of terror to include wholesale dynamiting and murder was the principal aim of a gang of six men and one woman arrested here last night in connection with a plot to blow up the Central Police Station.

The Chief of Police has ordered a wide-spread roundup of radicals and aliens. The police who made the arrest said they found enough explosives in the prisoners' homes to destroy a dozen large buildings and also found revolvers, knives and other weapons in quantities. It is believed the arrests may furnish a clew to the nation-wide bomb outrages of last summer.

FIRE IN OHIO COAL MINE

FIRE FIGHTERS MAKE NO HEADWAY AND TWENTY MINERS IMPRISONED ARE DOOMED

(Special Service to Glendale Evening News)
CANTON, O., Oct. 29.—Twenty coal miners were imprisoned by fire in the Ohio Coal Company's mine No. 2 at Amsterdam, today. The fire is gaining rapidly and all available means of fire fighting had not made any headway up to one o'clock today. Mine officials fear that all the men will perish. The fire started at ten a. m. today.

UNITED MINE WORKERS CONFER

LEADERS CALL SECRET SESSION AT WHICH REPLY TO PRESIDENT WILSON WILL BE FRAMED

(Special Service to Glendale Evening News)
INDIANAPOLIS, October 29.—Leaders in the United Mine Workers today started a secret conference. They said they would take cognizance of the general situation and probably frame a reply to President Wilson's statement.

FORMAL CHARGES AGAINST GERMANY

REPORTS SHOW VIOLATION OF MILITARY, NAVAL AND FINANCIAL TERMS OF ARMISTICE

(Special Service to Glendale Evening News)
PARIS, October 29.—An official report to the Supreme War Council today formally charged Germany with violating the military, naval and financial terms of the armistice. The war council immediately started a conference to decide what penalty should be imposed.

Marshal Foch submitted a report of military violations, Commander Fuller of the British navy of naval violations, and Paymaster Celles a report which covered the financial violations.

COAL SEIZED IN COLORADO

ALL LIGNITE IN THE STATE COMMANDEERED BY REGIONAL DIRECTOR UNDER RAILWAY ADMINISTRATION

(Special Service to Glendale Evening News)
DENVER, Colo., October 29.—The Railway administration today commandeered all lignite coal in Colorado in preparation for the coal strike. Regional Director Hale Corregon ordered the seizure. WASHINGTON, October 29.—Railway administration headquarters today denied that it had ordered the general seizure of coal.

ART UNIT STUDIO

CITIZENS MEET TO CONSIDER PROJECT TO LOCATE IT IN GLENDALE

Quite a representative audience of business men and prominent citizens of Glendale gathered at the High School Tuesday evening to consider the proposition to establish in this city a unit-system moving picture studio to begin with ten units which will be leased to stars who have already applied for them to be used in the production of plays in which they are engaged. The promoters claim they have had many inducements in the way of land donations and bonuses from other towns, but that Glendale is an ideal location and if its citizens will co-operate and show a friendly spirit, the studio will be located on thirty acres in the southeastern part of the city. The site under contemplation is owned by Spencer Robinson who is greatly interested in the project. The price of the land is \$45,000 and Mr. Robinson has agreed to take 50 per cent of it in stock in the proposed company.

Norton C. Wells, president of the Glendale Development Association, presided and opened the meeting, introducing Roy Kent who explained the project and set forth its advantages to the city in the money it would put in circulation here and in the advertising it would give the town.

Mr. Kent introduced Mr. Young, head of the Art Unit Studio Company, who explained the plan in detail as already set forth in the Evening News in its report of a banquet given by the Industrial Committee of the Glendale Development Association at which the proposition was submitted.

Mr. Young reinforced the arguments made by Mr. Kent and his talk was followed by general discussion in which Mr. Young answered quite satisfactorily the questions propounded by E. U. Emery, Owen Emery, R. F. Kitterman, A. T. Cowan, Frank Muhleman, Spencer Robinson and others who participated with a view to bringing out all points of interest.

The certificates or notes for which subscriptions are being taken are for \$500 each and Mr. Kent stated that only twelve more were required to secure the backing necessary to bring the studio to this city. He also stated that unless it is subscribed in the near future the studio will go elsewhere.

I. O. O. F. MUST USE ONLY ENGLISH LANGUAGE

The Sovereign Grand Lodge, Independent Order of Odd Fellows, before adjourning at Baltimore to meet in Boston next year, passed a resolution requiring compliance with its wartime order for the prohibition of any language except English in lodge meeting in the ritual.

R. P. JODON A BOOSTER

SAYS A FRESH WAVE OF NEW BUILDING IS DUE AND "LIVE PROSPECTS" PLENTIFUL

R. P. Jodon is a loyal Glendalian and good booster for the city. He says the first big rush of buildings is upon us. It seems to be mostly north of Broadway extending clear across the town. Of those now in process of erection Contractor Smith is building two on Louise north of Doran street, Mr. Stanford is putting up three and Mr. Pigg four. All are good houses, he says, which will be a credit to the town. In this connection he tells how favorable an impression Glendale creates on strangers by reciting a conversation he had with a visitor who hailed him from a passing auto and drew up to the curbing to ask if he could tell him of any houses to rent here. Mr. Jodon had to say no and tell him that everyone else is looking for the same thing that he wanted. He then asked how property was selling, and inquired about schools and churches and the moral status of the town asking if it was as clean morally as it was in appearance, to which, of course, Mr. Jodon made favorable replies, sending him to a real estate firm for further information. Whether he bought or not, Mr. Jodon has not learned, but he declares he was a fair sample of the "live prospects" that are coming to Glendale every day and he hopes the additional building waves that are coming to Glendale will provide enough houses so these prospectors will not be lost to our citizenship.

FIRM NAME CHANGES

EMIL KIEFER BECOMES PARTNER OF C. O. PULLIAM IN UNDERTAKING BUSINESS

Radical changes and improvements are in progress at the Pulliam Undertaking Parlor which will effect a considerable alteration of both interior and exterior. As enumerated by Mr. Pulliam they will include the enlargement of the office, its redecoration and recarpeting; the enlargement and remodeling of the chapel by the removal of partitions; enlargement of the display room to enable the company to show fifty different designs from which patrons can make selection; changes in the dressing and laying-out rooms; the repainting and redecoration of the entire building inside and the application of white stucco on the outside. The present porch will be enclosed, and have a wide outside shelf on which ornamental plants will be placed; and the chapel will be completely refurnished.

Mr. Pulliam announces the purchase of an interest in the business by Emil Kiefer, who was formerly identified with the business and who left it to answer the first call for volunteers when the United States entered the great war. He has recently been honorably discharged and returned to civil life. The new firm name will be Pulliam & Kiefer.

ROOSEVELT MEMORIAL FUND

J. H. Braly, local chairman of the drive for the Roosevelt Memorial Fund, reports excellent progress being made and that he has been advised the period allowed for the canvass will be extended to next Monday. The schools are doing fine work, he says, the grammar schools of Glendale having secured about \$100, the High School between \$60 and \$70. The work is also going on in the churches, but no report has yet been turned in to him, and many subscriptions are being voluntarily made at Glendale banks. Mr. Braly is very much pleased with the response which Glendale has made and with the participation it will have in the Roosevelt Memorial by reason of its subscriptions.

BUSINESS EXPANSION

Frank J. Kuntzner, of the Glendale Paint & Paper Company, and Francis Gilman, of the Art Studio, both located in the storeroom at 119 South Brand, are making some marked improvements in their place of business in the way of removing a partition and rearranging fixtures in the rear of the room.

WEAVERS RETURN

REPORT FINE TOUR OF THE PROSPEROUS EAST AND MIDDLE WEST

Mr. and Mrs. M. L. Weaver, of North Kenwood street, arrived in Glendale Tuesday evening after an eight weeks' absence in the east in which they visited at various points in New York, Pennsylvania, Illinois and Nebraska. One urgent reason for making the trip was the serious illness of Mr. Weaver's brother in South Chicago. Their hope to see him alive was not realized as he passed away while they were en route, but they did reach Chicago in time to attend the funeral services. While there they were guests of their son, Dr. Harold T. Weaver. Their main objective in New York State was Syracuse, where the widow of their son, A. L. Weaver, and her baby daughter, Leta Frances Weaver, now live with relatives. Their visit was unfortunately timed as Mrs. A. L. Weaver was confined to her bed by illness which threatened to develop into appendicitis. It was averted, however, and she has now completely recovered. The grandparents report that little Leta Frances is a fine girl who resembles her father.

Mr. and Mrs. Weaver were born in Pennsylvania. They had great pleasure in visiting their birthplaces and scenes and friends they knew in youth. A similar treat was enjoyed in Nebraska where they spent forty-three years and where they still have many friends and acquaintances whom they were very glad to see again. Mr. Weaver reports that everywhere they found evidences of great business prosperity. Pennsylvania and Illinois crops were large and of fine quality, and in Nebraska crops were fair and brought good prices to the farmers. They had a beautiful trip, good weather all the way around, and no mishaps anywhere.

HAVOC WROUGHT BY WAR

Reflection only adds to the effect upon us of the miles of wasted country and ruined towns in the war zones. All this represents not a thousandth part of the desolation which the war has brought upon our civilization. These devastated areas scarring the face of Europe are but a symbol of the desolation that will shadow the life of the world for at least a generation.

The coming years will be bleak, in respect of all the generous and gracious things which are the products of leisure and of minds not wholly taken up by the necessity to live by bread alone. For a generation the world will have to concentrate upon material problems. The tragedy of the great war—a tragedy which enhances the desolation of Rheims—is that it should have killed almost everything which the best of our soldiers died to preserve, and that it should have raised more problems than it solved.

We would sacrifice a dozen cathedrals to preserve what the war has destroyed in England. We would readily surrender our ten best cathedrals to be battered by the artillery of Hindenburg as ransom. Surely it would be better to have lost Westminster Abbey than never again to have anybody worthy to be buried there.

—Exchange

WATCH YOUR SPEEDOMETER

Is your business keeping up speed? Are you supplying the right mixture and lubrication? Among other afflictions soft tires retard speed. The lost motion at first may be imperceptible, but let them go flat and they stop you. Pump up the tires of your business before they go flat. Cumbersome methods, duplication of work, idle employees, are about as useful as the nails your tires pick up in the road. Pull out the nails before they cause a puncture. Don't blame the nails nor throw them away if they are serviceable. Put them to their proper use. Nails are for construction, not destruction. A nail in a board is worth two in a tire. An employee unsatisfactory in one position may be most valuable in another. Finding the right place is up to you. Don't put water in the gasoline tank. Gas costs more than water but it is less reliable around a flame.

Is your business slowing down? The cause may be too near your eyes to see it. Take a look around your office and be sure that you do not overlook your own desk. Is every part of the machine performing service. Is every part necessary? Is it bringing a return that warrants its cost? Don't try to push the car by hand. Tune it up, give it the gas and keep your eyes on the road ahead. —Exchange.

Thoroughness in getting an education is of great importance. The boy in his teens who learns to add a column of figures correctly and count accurately is well on his way toward having a practical education. Of course he must learn to write legibly and spell correctly.

Never grudge money spent judiciously for bettering the condition of roads.

Attention Brother Elks

Do not miss the big time at the
Hallowe'en Party

Saturday Night, November 1
(Next Saturday)

Our drill team are to be guests of honor
and will give their prize drill during the evening. Come and give the ladies a real treat.

REFRESHMENTS

BABY'S PICTURE

Do you wish to remember all the relatives and friends
with inexpensive Christmas gifts this year? What
can you give that would be so much appreciated as
a likeness of the baby or the other tots—and the cost
is so small for each gift.

We make a specialty of baby pictures and we know
that we can get a likeness of the little one that will
be a delight to you as long as you live and give great
pleasure to those who receive them as gifts.

You don't need to wait until Christmas either. We
can make them now before the holiday rush and you
can be sure of having them in ample time to mail so
they will reach their destination when you wish.

Come In and Talk It Over With Us

ISAAC'S STUDIO

206 E. BROADWAY

WHAT THE U. S. BRINGS TO MEXICO

Commenting on the American threat to Carranza of a change of policy and the possibility of American intervention in Mexico, Manuel Carpio, correspondent for the Heraldo de Mexico, says: "We want only one kind of intervention from you—your books, your higher thoughts, your aspirations for a better world, and your friendship."

Could Mexico use these higher values if she had them? Mexico's first need is for social order and security of life and property. This is the cornerstone of any progress that may be possible.

It is America's duty to protect her citizens in Mexico, and if intervention is necessary to this end, it must come. It might prove the best thing for Mexico by opening the door to the higher things that America can bring to her.

Better agriculture and education, organized liberty and books are exactly what America has brought to her wards elsewhere, and what she can give to Mexico.

Americans may well be proud that the United States, in her dealings with dependencies, has shown herself free from ulterior motives and has striven to plant the seeds of self-help, self-control and prosperity. In every one of these dependencies there is growing up the form and substance of a free state with democratic ideals of its own. It may be Mexico's turn now.

"Keep in mind all the time that steady, quiet, persistent, plain work can't be imitated or replaced by anything as good."—George Horace Lorimer.

Personals
 Mrs. Charles Shattuck, who went east in September, is expected home the last of the week.
 Mrs. Knott of 360 West Wilson avenue has returned after spending a week with friends in Ontario.
 Jesse Smith and Mr. Ferguson, of the Ford Agency, have returned from Big Bear Lake with sixty-one ducks to their credit.
 Mr. and Mrs. Claude Fellows, who have been located at Kansas City for some time, returned last week and are at Santa Barbara for the present.
 Mrs. Stella Jones of 210 Fairview avenue had the pleasure of entertaining her daughter, Mrs. Mason, and son, who came from Sunland to visit her last Sunday.
 Mrs. Anne Curtis, teacher in the Cerritos Avenue School, who has had leave of absence on account of sickness in her family, reports that her mother continues very ill and is in a dying condition.

Mr. and Mrs. A. Clemens, formerly of Grand Rapids, Michigan, have succumbed to the charms of Glendale and have purchased a home at 360 Hawthorne street. Their son, F. L. Clemens, lives at 517 North Kenwood street.
 Miss Martha J. Brown, teacher of science in the High School, is pleasing her classes very much by the lantern slides with which she has been able to illustrate many topics. These slides are furnished by the county for the benefit of the schools.

Mrs. Ed M. Lee of 345 North Belmont street is sorrowing over the news of the sudden death of her father, C. R. Miltenberger, of Marshalltown, Iowa. She had a letter from him about a week ago when he was apparently in perfect health.
 Hal Davenport, the real estate operator of South Brand boulevard, reports continued sales which cannot be reported until they are out of escrow. He says it now takes about five weeks to put an escrow through on account of the congestion in the offices of the title companies.

Two new doors, this time of metal, have been placed at the entrance to the public library on Harvard street. The former doors of wood could not stand the fierce heat of the western sun. The paint blistered, the wood warped and otherwise succumbed to tropic conditions.
 Mr. and Mrs. White of 348 West Wilson avenue have had the pleasure this week of welcoming Mrs. White's brother and sister-in-law and their children. Mr. and Mrs. John Dawson and two sons of Longmont, Colo. They have come to see how they like California. They will be guests for some time in the White home and they may locate permanently.

Mr. and Mrs. H. C. Jaacks, who came to this city from Nebraska about a year ago and who bought property last February at 204 South Glendale avenue are well pleased with their location and with Glendale. They are looking for visits from eastern relatives the coming winter.
 Mrs. H. M. Jameson, of 328 West Vine street, has just returned from a week's absence in Santa Cruz, where she attended the Grand Chapter of the Eastern Star in convention there from the 21st to the 25th. She reports a very successful meeting. She went as district deputy. Mrs. Daniel Campbell, of this city, Past Grand Chaplain, also attended.

Glendale High is planning to send thirty automobiles decorated with the Black and Red to Alhambra next Friday afternoon, filled with students to root for the home football team which will play its second league game that day on the Alhambra campus. The plan is to have a mother or a teacher in every machine so the girls will be properly chaperoned.

HER SIXTH BIRTHDAY
 Mrs. T. J. Keleher, of 528 North Louise, entertained Saturday afternoon with a very pretty children's party in celebration of the sixth birthday of her little daughter, Geraldine Keleher. It was a strictly Halloween affair, its black and yellow color scheme, and its symbols featuring the pretty decorations and favors, the refreshments and also the games by which the little folks were entertained. The guest list included the following playmates of the little celebrant: Dorothy Stiles, Edith and Esther Wintersgill, Dorothy Clark, Margaret Brennan, Dorothy and Alice Brennan, Virginia Endicott, Dorothy Levey, Vera Lockwood, Mellis Miner, Jimmy Bobbitt, David and Thomas Taggart, Carlton Osgood, Margaret Musselwhite, Darrell Cole, Beryl Barnett, Vivian Hincke.

WEATHER FORECAST: Fair tonight and Thursday. No important change in temperature.
MASONIC NOTICE
 The stated meeting of Unity Lodge, No. 368, F. and A. M., will be held Tuesday, Nov. 4th, at 7:30 p. m. The Jinnistan Grotto Entertainers of Los Angeles will be present.

SCHOLARSHIP CARD
 A new scholarship qualification card has been adopted by students of Glendale High and ratified by the Board of Trustees. It is in reality a pledge card which must be rigidly observed by the signed if he wishes to be eligible to any office of preferment in the school, such as the presidency of his class, or an official place in the assembly, also if he wishes to take part in athletic work, in debating, oratorical or other contests.

The matter was taken up in the assembly and a committee appointed to prepare the card. The committee reported and the assembly debated the report, so it is an expression of their wish. It reads as follows:
 Resolved by the Board of Trustees of Glendale Union High School, the principal and faculty thereof, that as this school stands for the highest intellectual, physical and moral development, it is herewith determined that the following pledge adopted by the boys of this school shall be made the qualification for their participation in any school activity, to-wit:—

"I pledge myself to refrain from the smoking of cigarettes and the use of intoxicating liquors for the school year of September—to June—and to stop all use of tobacco in any form upon entering any school activity whatsoever. Upon failure to keep this pledge I fully understand that I forfeit all my student body, athletic and school activity privileges and will report this failure to the secretary of the boys who shall report same to the student court for consideration."
 Failure to sign this card at the beginning of the school year automatically debars from participation in any activity during the year.

THE FOURTEENTH CENSUS
 That the Fourteenth Decennial Census, on which the actual enumeration work will begin January 2, 1920, is to be the most important ever taken is shown by the fact that the Act of Congress providing for this census expressly increased the scope of the inquiries so as to include forestry and forest products, two subjects never covered specifically by any preceding census act.

The inquiries to be made relating to population, manufactures, mines, quarries and agriculture were also extended in their scope by Congress, the keenest interest over the forthcoming census having been shown by the members of the census committees of both the House and Senate while the law was under consideration.

The statistics gathered on mining will include all oil and gas wells. Many startling developments in this important branch of the Nation's resources are looked for by census officials. The figures gathered in Texas, Oklahoma and Kansas will no doubt prove to be those most eagerly sought for, as shown by inquiries already received by the Census Bureau.

WINTER IN THE LAP OF SPRING
 At this season of the year the newcomer from the east notices the curious mingling of spring and winter in our landscape in temperatures. One such on her way to the public library remarked the mocking bird singing a real spring song—not Mendelssohn's either—and the blossoming California poppies brought forward by the rains—but on entering the library there was a glowing wood fire in the grate radiating warmth and cheer and looking for all the world like an eastern interior in winter.
 Diamonds grow more expensive in spite of the fact that the present is an era when necessities are supposed to command more respect than luxuries.

SCOUT DRIVE SUCCESS
DAVID BLACK REPORTS SYMPATHETIC RESPONSE BY GLENDALE CITIZENS
 David Black, Herman Nelson, Charles Ingledue, Roy Kent and others who are interesting themselves in the drive to raise a fund of \$1000 to carry on Boy Scout work in this city, report excellent progress to date and that committeemen are covering their quotas in good shape. The drive ends tonight and Mr. Black to whom all canvassers will report, expects to have news by nine o'clock that the full amount has been subscribed. No house to house canvass is being made and many who have not been seen by the committeemen—persons interested in the movement and anxious to help, are taking \$10 certificates and turning their money in at the Bank of Glendale where Mr. Nelson is to be found, and at the places of business of Roy Kent and Charles Ingledue.

A DARK SUBJECT
 A Glendale shoeshine man whose complexion was not as light as day got a notion a few weeks ago that he would make some quick money. He took a few of the boulevard people into his confidence and told them he was soon to be married and that it was his intention to bring his new bride to our city. After collecting five dollars per from his confidants he concluded that thirty-five dollars could be spent in another town just as well as in Glendale. The subject becomes darker and darker as the days go on.

STRANGER GETS EASY MONEY
 A stranger blew into Glendale about six weeks ago, solicited copy for directory card to be printed on silk banner, price to be \$3.50 per inch card. After getting from ten to fifteen orders and collecting about 75 per cent of the money in advance, the stranger disappeared, and is not likely to return. He promised that the beautiful silk banners would be given a place in the hotels of this city. It is indeed easy for some people to part with money when a stranger makes a plea for it.

NOT FOR SALE
 Ezra Parker, who for more than a half dozen years has been conducting a furniture store at 117 South Brand boulevard, recently sold the entire stock to Mr. Harden, formerly engaged in the furniture business. Mr. Harden will move the goods to

Hollywood where he will engage in business. The strange part of the whole affair is that Mr. Parker retains his real estate office in the store and is kept busy telling callers that the stock of furniture and rugs have been sold. Mr. Harden will move the stock to his new place of business as soon as he gets possession of the building he is to occupy.
 Advertise it in the Evening News.

SEE THE POINT
 If you use an ordinary pencil or a patent pencil of the usual kind you very seldom see the point just when you want it most. There is only one satisfactory pencil that is always sharp yet never needs sharpening. That is—
The Wahl Eversharp Perfect Pointed Pencil
 It is built with the precision of a watch, yet strong and sturdy, without flimsy snaps or springs, a mechanical masterpiece totally different in principle from any other pencil made. The magazine holds eighteen inches of extra lead, enough to write a quarter of a million words.
 The pencil throughout is made of the best materials, and is the finest writing instrument ever made. Leads and eraser can be changed in the twinkling of an eye.
 In buying a pencil of this kind insist on getting a Wahl Eversharp if you want pencil satisfaction.
 We have a very nice line of these pencils in many styles. They are ideal gifts for either men or women and especially suitable and acceptable for students.

\$9,000,000 SHRINKAGE

The sinking of the Lusitania in May, 1915, took from the theatrical profession its best known and reputedly richest manager, Charles Frohman. Associated with huge enterprises and financial deals involving millions of money, the name of Frohman was to the theatrical world co-equal with the great names of leaders in other realms of business. At his death his listed assets amounted to \$919,383. Almost four years later, when the appraisal was filed in the office of the surrogate, his actual net estate was \$452. His real financial wealth had shrunk more than 99.8 per cent. Two brothers and four sisters will receive as their share from the supposedly millionaire manager, \$74 each less by \$26 than the hundred dollar bills which Charles Frohman doubtless handed out, as permanent loans to persuasive and impecunious knights of the board. By reason of his prominence and accessibility, presumably Mr. Frohman was a target for life insurance solicitors, yet not a dollar of insurance appears in the inventory of his \$452 estate, the pitiable remnant of the wealth of the theatrical world's once greatest manager.—The Insurance Press.

THE ROOSEVELT CREED

I believe in honesty, sincerity and the square deal; in making up one's mind what to do and doing it.

I believe in fearing God and taking one's own part.

I believe in hitting the line hard when you are right.

I believe in speaking softly and carrying a big stick.

I believe in hard work and honest sport.

I believe in a sane mind and a sound body.

I believe we have room for but one soul loyalty, and that is loyalty to the American people.

That charitable feeling that one person may have toward another goes a long way in making this world a more desirable place in which to live.

Mistakes are assets—if we do not make the same mistake twice.

Of all wonders, what would the Pilgrims and Puritans have thought of the proposal made by the Presbyterian New Era Conference to provide churches with "phonograph pastors!" The idea comes as a measure of economy. Pulpits, according to the report, lack pastors because pastors lack financial support. The phonograph asks no salary; it repeats what is spoken into it; and the words of a master of pulpit oratory could thus be "syndicated," and sermons "far above the average" preached to congregations which now seem to be in danger of hearing no sermons at all. On one side there is something to be said for the plan as providing "better sermons for larger congregations;" on the other hand, the "phonograph pastor," having delivered his sermon, would stop in the pulpit. And so, during the rest of the week, the congregations would have to do without the helpfulness and example of the "better man."—C. S. Monitor.

From the way reports are coming in from Russia bolshevism seems about ready to call for the cold towel and the pitcher of ice water.
